## The Texas &amp; Pacific Strike.

NEW ORLEANS, March 4.—Employees of the shops along the line of the Texas & Pacific Railroad in Texas have been on a strike for some days. This afternoon receivers of the road filed a petition in the United States circuit court, setting forth that "last night a party of armed, masked and disguised men entered and took possession of the shop and round house at Big Springs, Texas, took the locomotives to pieces and committed other depredations on the property of said railroad company," and asking for instructions and protection. The petition further says "the employees in the shops along the line of said road in Texas, are on a strike, and the object of the parties appears to be to prevent the operation of the road until the demand of the strikers is complied with." Judge Parlee issued an order directing the receiver to stop any and all traffic on the road at any and all points where its continuance would jeopardize the safety of property, and if necessary, to apply to the Federal court for protection by the United States marshal of the district.

Four Workers. Tex. March 5.—The time given to the strikers of the Texas & Pacific road to return to work or suffer discharge, expired at 10 o'clock this morning. None of the men went back. New forces are being organized in every department, and the places of nearly all the strikers have been filled. Freight offices were opened to-day, and are receiving all shipments except live stock. The strikers are discouraged and think the movement has been badly handled. The state executive board of the Knights of Labor is here and will discuss means of assisting the strikers. The indications now are that an effort will be made to inaugurate a general strike on the Gould line, which is regarded as the only chance of success.

A committee of Knights has furnished a statement of grievances for publication. It gives as causes of the strike, repeated violation of contract between the Gould system and the Knights of Labor made at St. Louis on March 15, 1885, the discharge of employee Hale at Marshall, alleging that prejudice against the order was the cause of the discharge; employment of coolie and convict labor by the Texas & Pacific Company; and lastly a desire for an increase in the wages of trackmen from \$1.15 to \$1.50 per day.

Galveston, March 5.—The meeting of local trades assemblies adjourned after midnight last night. It was determined that the Mallory boycott should be immediately enforced against the Gulf, Colorado & Santa Fe and Missouri Pacific roads. The order will at once be issued that every Knight of Labor working on any of these lines must refuse to handle freight consigned to or from the Mallory Company. This will bring matters to a crisis, and the roads will be compelled to discharge the men who refuse to handle the boycotted freight, and then a general strike will probably follow.

A special to the News, from Dallas says: The strike on the Texas & Pacific Railroad at this point, thus far, has no appreciable effect on business. The attempt made by the citizens' committee at Marshall to effect a settlement by arbitration, completely failed. The three days allowed by Receivers Brown and Sheldon for the strikers to resume work, expired yesterday, and the receivers have prepared a circular which will be issued to-day, notifying the men who refused to return to work, that they are no longer in the employ of the company and warning the strikers not to congregate about the station warehouses, and trying to intimidate those who are willing to work. The circular says if the men persist in such intimidation the receivers will ask help from the United States Court.

Des Moines, Missouri, March 5.—A general order, by the executive board of the Knights of Labor of the Gould southwest system has been issued, boycotting all Texas & Pacific and New Orleans and Pacific companies, on account of the troubles at Fort Worth, and the order is put into effect here. No violence or intimidation is used, but as the cars come in train men are requested not to handle them for her, and the request is immediately complied with, and they are side tracked.

NEW ORLEANS, March 5.—Ex Governor Sheldon, one of the receivers of the Texas Pacific Railroad, says in connection with the strike on that road, that it was caused by the company's discharging an objectionable Knight of Labor. The men at Marshall were paid off yesterday. All shops on the line except those at Marshall have been closed.

NEW ORLEANS, March 5.—Governor Sheldon this afternoon received a dispatch from Governor Brown from Dallas, Texas, notifying him that last night about 100 masked men entered the round house at Big Springs and disabled several engines, running from them portions of the machinery, which they scattered so that all traffic west of Colorado would be discontinued; that at Fort Worth the company had succeeded in supplying the places of the strikers to such an extent as to enable them to resume traffic at that point, and that they are applying for writs of assistance at Fort Worth and Toyah in accordance with the order of Judge Parlee. Col. E. B. Wheeler, manager of the New Orleans division of the road, states that the company are now employing skilled mechanics to go to Marshall for the purpose of obtaining a sufficient number of men to keep the engines in repair. He says that there has been no dissatisfaction expressed by the employees of his division and that no trouble is apprehended on this end of the line.

Fort Worth, Texas, March 5.—At a meeting here to-day of the bondholders of the Texas & Pacific Railroad Company, which a couple of months ago went into the hands of a receiver, a resolution was adopted defeating the proposition to issue \$3,000,000 worth of receiver's certificates. Resolutions

looking to a more consolidated form of management were adopted as well as resolutions approving the present committee of reorganization which is considering measures to recon tract the company.

## The Boycott in Texas.

Galveston, March 5.—The anticipated labor difficulties here have undergone no active development up to noon. The representatives of the Missouri Pacific, Southern Pacific, Texas Pacific, Texas Central and officials of the Gulf of Colorado and Santa Fe, were waited upon by a committee of the Knights of Labor and notified not to haul, handle or move freight consigned to or from the Mallory Company, or freight for any of the wholesale houses of Galveston, as the latter had refused to observe the boycott against the Mallory Company. This notice takes effect to-day.

For this reason, it is the general belief among a large number of workmen that there will be a strike this evening or tomorrow morning. The cotton presses, railroads and business community generally, are greatly disgusted with the attitude and course pursued by the Knights of Labor. There is much talk about the inauguration of the boycott against them, similar to that started by the East Street Reaper Works, of Springfield, Ohio. A great many large business houses here express their willingness to close up their shops, rather than to submit to the dictation of the Knights. The situation in north Texas, along the line of the Texas Pacific Railway, is not materially changed.

## A Necktie Picnic.

WINNEBAGO, Nev., March 5.—Chas. Gray, alias Isham Collins, who murdered R. H. Scott while attempting to rob the latter's store at Paradise, on Christmas eve, 1881, was hanged here to-day. Gray has been feigning insanity for a more than a month past, but on being informed last night that there was no hope for him, he suddenly resumed his natural state of mind, walked upon the scaffold with a steady step, and made a speech denying his guilt. Five minutes after the drop fell he was pronounced dead, his neck being broken by the fall.

## The Education Bill Passed.

WASHINGTON, March 5.—The education bill was passed by the Senate this evening by a vote of 36 to 11, the only Republicans who voted against it were Messrs. Frye, Hale, Ingalls and Jones of Nevada.

DUJARDIN'S  
LIFE ESSENCE

This Wonder of Modern Chemistry is pronounced to be unequalled for its power of replenishing the vitality of the body, by supplying all the essential elements of the Blood, Brain and Nervous Substance, and for developing all the grand Functions of the System to the highest degree. It is a new scientific achievement of the present age, for the speedy and permanent cure of all ailments of the Nervous and Blood Systems, Nervous Prostration, General Debility, Mental and Physical Depression, Incapacity for Study or Business, Noises in the Head and Ears, Loss of Energy and Appetite. Being a natural Restorative, energizing effects are not followed by corresponding reaction but are permanent, and are frequently shown, from the first day of its administration, by a remarkable increase of the Nervous Power, with a feeling of vigor, Strength and Comfort to which the patient has long been unaccustomed. The nervous symptoms disappear, as well as the Functional Derangement. Sleep becomes calm and refreshing. At the same time the patient gains flesh, the features presenting a striking improvement; the face becomes fuller, the lips red, the eyes brighter, the skin clear and healthy. The hair of the head and beard grow and acquire strength, as also the nails, showing the importance of the action of the medicine on the organs of nutrition. It gives back to the human structure, in a suitable form, the Lively, Animal Element of Life which has been wasted, and exerts an important influence directly on the Brain, Spinal Marrow and Nervous System, of a nutritive, Tonic and Invigorating character, thereby checking all wasting of the Vital Fluid and the more Exhausting Processes of Life, maintaining that Buoyant Energy of the Brain and Muscular System which renders the Mind Cheerful, Happy, Brilliant and Energetic; entirely overcoming that dull, inactive and sluggish disposition which many persons experience in all their action. Price, \$1.50 per bottle.
